

## Model704

### Product Features

12mm plywood enclosure

Achieves weight reduction using 12mm plywood

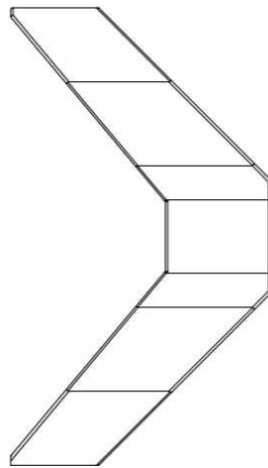

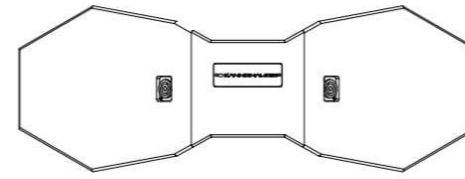

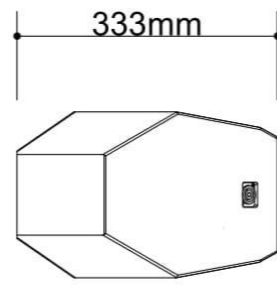

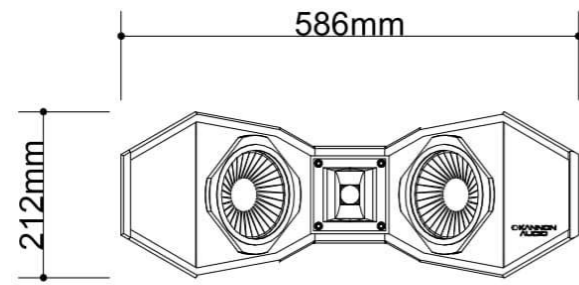

Neutrik speakON\* NL4 connectors for reliable long life operation

|                           |                                 |                                   |                    |                          |
|---------------------------|---------------------------------|-----------------------------------|--------------------|--------------------------|
| <b>Driver</b>             | <b>Frequency characteristic</b> | <b>Sensitivity 1W(2.8V) at 1m</b> | <b>Power (AES)</b> | <b>Nominal impedance</b> |
| 5"                        | 240Hz-10kHz                     | dB                                | 200w               | 16Ohm                    |
| 1"                        | 1.5kHz-20kHz                    | dB                                | 40w                | 16Ohm                    |
| <b>Frequency response</b> | 250Hz - 20kHz                   |                                   |                    |                          |
| <b>Weight</b>             | kg                              |                                   |                    |                          |
